

TERMS & CONDITIONS

- 1.) American Fuels Service (AFS) reserves the right to inspect and approve the heating equipment before any service agreement is issued. Any repairs/labor required to put the burner in an acceptable condition are not covered.
- 2.) The length of the plan is one year. All plans will not be automatically renewed. It is the customer's responsibility to contact AFS to renew service for the following year.
- 3.) Service under any plan will be suspended/cancelled if customer's oil or service charges are not paid when due. A re-inspection may be required.
- 4.) If buyer permits any persons other than AFS to render service to the equipment, the plan will become null and void.
- 5.) Plans include only the repair and replacement of parts listed that are defective due to ordinary wear. They do not cover any parts, or labor on parts that are not listed.
- 6.) This plan does not cover repair or replacement of obsolete parts or parts that are not readily supplied.
- 7.) AFS shall not be liable for any loss, damage, or injury arising from service performed or parts supplied under this plan unless caused directly and solely by our own negligence.
- 8.) AFS shall not be liable for any loss, damage, or injury from the condition of the customer's chimney, oil tank, or unoccupied homes (freeze up). Buyer must make arrangements for a daily house check if customer is away from premises.
- 9.) This agreement does not cover any acts of God, fire damage, flooding, freezing, or other water damage, etc.
- 10.) Emergency service is defined as: No heat, no hot water, oil leak, or odors. If non-emergency services are provided on nights, Saturdays, Sundays, or holidays, the customer agrees to pay a per-call charge based on the AFS current after hour rate.
- 11.) AFS does not guarantee the availability of any repairs or replacement parts.
- 12.) Plans do not cover service calls resulting from blown fuses, tripped circuit breakers, turned off emergency switches, or improperly set thermostats and electrical power failure.
- 13.) AFS has the right at any time to cancel service plan due to poor condition, age, deterioration, or dangerous situations.
- 14.) Plan does not cover oil delivery issues due to sludge, oil line freeze up, water in oil tank, lack of oil, or a clog – dirty oil filter, nozzle, pump strainer.
- 15.) Plan only covers heating oil equipment under 2.50 GPH firing rate.

ABOUT US

American Fuels Service (AFS) was established with the goal of providing our customers with the highest level of service while providing them consistent satisfaction and peace of mind through quality workmanship. It is with this goal in mind that we offer our service plan options, which provide an unmatched service experience for the duration of the plan.

Our plans cover many parts that require routine replacement within your heating system, and also include an annual heater tune-up to increase efficiency, prevent service calls and bolster your system's overall longevity.

After a routine inspection of your home comfort system, we extend our Basic Comfort, Cooling Comfort and Premier Comfort Plans so you can make the best choice for your system's integrity. During the length of the agreement, we will repair or replace, at no extra cost to you, any of the items covered under the selected plan that may become defective due to normal wear and tear.

We also offer competitively priced home heating oil delivery. Our customers are not required to purchase our fuel oil to be eligible for a service agreement, but are encouraged to experience the quality, satisfaction and peace of mind that you receive from our service and protection plans in your oil delivery as well.

Labor rates may vary according to each particular plan.

We look forward to partnering with you as your primary home comfort provider, giving you *"Superior Service with American Pride."*

PA Home Improvement Contractor
Registration #PA063362
